

Approval for Services

Solutions for Sight Optometric Associates, P.C. visits our facility on a regular basis to perform comprehensive eye examinations. Solutions for Sight is the private practice of Drs. William and Kathleen O’Shea, specializing in Geriatric Optometry. The primary purpose for most eye examinations is to check for conditions that may affect the health of the resident’s eyes. If necessary, Solutions for Sight can also provide new eyeglasses through their affiliated optician.

Solutions for Sight participates with Medicare, most secondary supplemental eye care plans, and Medicaid. When billing for their services, Solutions for Sight will make every effort to obtain payment from the resident’s insurance companies, however, we cannot guarantee that every insurance will cover their services.

If you would like to have the doctors of Solutions for Sight provide eye care services for your relative when necessary, please complete the information below and return it at your earliest convenience. Thank you for your cooperation.
